

# Atlantica Delta

Ship type	Drill rig, semi-submersible
Shipowner	BassDrill Ltd.
Shipyard	Dalian Shipbuilding Industry Co. Ltd.

Copyright: [energiesmedia.com](http://energiesmedia.com)

## Main Dimensions

Dwt	9,629 t
GT	18,210
Capacity	9,629 DWT
LOA	85.535 m
Draught	16.65 m

Project type	Ship status	Design scope	Delivery year
Newbuild	Delivered	Basic	2015

## Scope of Work for the Shipowner

Complete engineering package for the entire accommodation, including the helideck and its support structure. The work was carried out for Bassoe Technology and included:

- Basic design of the accommodation unit, including the helideck and its support structure
- Technical safety and HSE compliance
- Structural documentation for Class approval, including strength calculations and FE analysis
- Deck outfitting layout and arrangements
- Architectural and interior arrangements
- P&IDs for utility systems within the accommodation unit
- HVAC system design with pre-routing of ducts and heat flow calculations
- Electrical and instrumentation (E&I) system design

## Project Features

- This semi-submersible tender drilling vessel was constructed based on Bassoe Technology's BT-3500 design, tailored for operations in deeper waters and harsher environments compared to earlier generations

## Additional Information

IMO number	9672454
Classification society	American Bureau of Shipping (ABS)
Special features	BT-3500 tender support vessel equipped with drilling mud and cement tanks
