Project type	Ship status	Design scope	Delivery year
Newbuild	Delivered	Basic, Detail	2014

## Scope of Work for the Shipyard

- Basic design including hull, part of the outfitting, interior, HVAC systems, and machinery diagrams
- Detail engineering for production purposes covering hull, deck outfitting, and mechanical engineering, including the coordination of the engine casing, car decks, and accommodation areas
- LNG Conversion: Prior to delivery, a decision was made to switch to LNG as the primary fuel. Deltamarin updated both the basic and detailed designs for the hull and machinery to facilitate the LNG conversion.

## Project Features

- The first cruise ferry in the world powered exclusively by LNG

## Additional Information

IMO number	9586617
Ice class	1B
Technologies	LNG, SRtP
