Scope of Work for the Shipyard

- Project and contract work covering master plan generation, and space and area evaluations compared to similar vessels (using Deltamarin AVEC statistics)
- Basic design, including LSA drawings, escape way calculations, and flow schemes for passengers, crew, luggage, catering, linen, and garbage
- The basic design scope also covered black and grey water systems, window washing system, and Panama plan approval
- Procurement package consisting of window washing arrangement
- Detail design, including HVAC coordination and penetration documentation for decks 4-9
