Main Dimensions

Dwt	7,852 t
GT	12,398
Capacity	7 852 dwt
LOA	149.3 m
Beam	30 m
Draught	7.52 m

Project type	Ship status	Design scope	Delivery year
Conversion	Delivered	Detail	2007

Scope of Work for the Shipowner

- Structural workshop information for new sponsons and substructure for the derrick, as well as upgrading the existing structure in the moonpool area
- Project Interface Manager

Project Features

- The drillship Neptune Explorer, built in 1973 and converted in 2007, operates in water depths up to 5,000 feet. The conversion included upgrading the derrick and pipe handling units.
- To provide sufficient buoyancy and stability for the upgraded capacity, the existing sponsons were replaced with wider ones
- Total Deltamarin engineering hours: 6,900

Additional Information
