Project type	Ship status	Design scope	Delivery year
Newbuild	Delivered	Basic, Detail	2001

Scope of Work for the Shipowner

- Project management assistance, covering scheduling and follow-up
- Site assistance, including production supervision, with a supervisor responsible for pressure tests and introductions

Scope of Work for the Shipyard

- Basic design including general arrangement, outfitting, interior, HVAC and electrical systems
- Detail design for cabin areas, focusing on HVAC, piping and interior
- Detail design for cargo areas, covering HVAC, piping, outfitting and electrical systems
- Detail design for public areas, including HVAC and piping

Project Features

- 'Superfast V' was built by HDW in Kiel for Superfast Ferries' Adriatic Sea services on the Patras—Igoumenitsa—Ancona route, along with her sister ship 'Superfast VI'. She is the first ship of the third pair of RoPax ferries constructed for Superfast Ferries.
