Shipyard	INMA SpA

Copyright: Dogan, ShipSpotting.com

Main Dimensions

Dwt	3,471 t
GT	31,788
Capacity	1410 lm
LOA	161 m
Beam	27.6 m
Draught	6.219 m

Project type	Ship status	Design scope	Delivery year
Conversion	Delivered	Concept, Basic, Detail	1993

Scope of Work for the Shipowner

- Complete conversion project design and basic design as well as approval from class and flag state authorities
- Assistance with yard negotiations

Scope of Work for the Shipyard

- Detail engineering for steel modifications and heating system adjustments
- Preparation of the final loading manual

Project Features

- Extensive refurbishment to convert the vessel from a day ferry to an overnight ferry
- Bulbous bow modification
- Deltamarin provided the owner with complete project and basic design services, secured class and flag state approvals, and assisted with yard negotiations
- The commission for the yard involved detailed engineering of steel modifications, the heating system, and the preparation of the final loading manual
- Notable features include pre-contract development of basic design material, which enabled competitive yard proposals and ensured an efficient conversion within a short timeframe while controlling overall costs

Additional Information

IMO number	8502406
Special features	Conversion of a day ferry to a night ferry
