## Commission for the Ship Owner

- ▶ Project development from feasibility design to contract

## Commission for the Shipyard

- ▶ Project development, including general arrangement, escape-way calculations, machinery arrangement, midship section, lightweight calculation, hull form and hydrostatics, tank arrangement and capacities, loading and stability, power prediction, electrical load analysis, steam balance, and

fuel oil consumption

- ▶ Basic design, including general components, special ship type drawings, hull classification (with material reservations and FEM analyses), machinery, outfitting, internal stair arrangements, HVAC system diagrams, and electrical systems
- ▶ Detail design for the hull using TRIBON modeling for production documentation, and machinery using a 3-D PMS system for machinery spaces

## Project Features

- ▶ Development of the optimal configuration for a specialized residential ship, from feasibility through to contract
- ▶ The world's largest private residential ship
- ▶ The first residential ship featuring residences with their own kitchens
- ▶ Extensive support provided during yard negotiations

## Main dimensions

Dwt	4 558
GT	43 188
Capacity	43,188 gt
LoA	196,3
Beam	29,8
Draught	6,7

## Additional Information

IMO Number	9219331
------------	---------

Ice class

1C

---

Awards

2003 Shippax 'Cruise Concept Award'
