Commission for the Ship Owner

- ▶ Two davit-type lifeboats located alongside the accommodation block were replaced by four free-fall lifeboats. The harsh environment offshore installation was carried out on the Foinaven field, West of Shetland.
- ▶ Design, analysis, and approval engineering for modifications on board to successfully install the new lifeboats
- ▶ Detailed engineering of the supporting structure

Project Features

- ▶ All structural modifications and installation work were done offshore
- ▶ Very limited installation window due to harsh sea conditions
- ▶ Fast-track design and engineering to support tasks during the short installation window
