

City of Hamburg

Ship type RoRo	Ship owner Louis Dreyfus Armateurs (LDA)	Shipyard Singapore Technologies Marine Ltd	Project type Newbuild
Ship status Delivered	Design scope Concept, Basic	Delivery year 2008	

Copyright: [Höegh Autoliners](#)

Commission for the Ship Owner

- ▶ Feasibility study including comparison of main parameters, capacities, speed/power, course stability, general arrangement, weight calculations, hull form, and stability estimations
- ▶ Contract design covering main dimensions, capacities, speed/power, general arrangement, machinery arrangement, weight calculations, midship section, hull form, stability calculations, and assistance in yard discussions

Commission for the Shipyard

- ▶ Basic design including general, hull, outfitting, interior, HVAC, machinery, auxiliary & piping systems, and electrical systems; FEM analysis; vibration analysis; noise analysis
- ▶ Model test coordination including hull form and appendage definitions, CFD calculations, and analysis of model test results

Project Features

- ▶ Specialized design for carrying aircraft parts
- ▶ High main hold
- ▶ Special car decks
- ▶ Low humidity and other conditions tailored for aircraft parts

Main dimensions

Dwt	3 546
GT	15 643
Capacity	4334 Im
LoA	126,5
Beam	20,6
Draught	5,5

Additional Information

IMO Number	9383558
Special features	1,350 DWT
Sister vessels	Ciudad De Cadiz
