

Finnmaster

Ship type RoRo	Ship owner Nordic Forest Terminals Ltd.	Shipyard CSC Jinling Shipyards Co. Ltd. (Nanjing)	Project type Newbuild
Ship status Delivered	Design scope Concept	Delivery year 2000	

Copyright: [Shippax](#)

Commission for the Ship Owner

- ▶ Development of the outline project for the owner, including General Arrangement, weight calculations, midship structure, hull form, stability calculations, load cases, Dry Cargo Index, damage stability calculations, and power/speed calculations
- ▶ Contractual design, including General Arrangement, Machinery Arrangement, structural principles, lightweight calculations, hull form, tank arrangement, stability calculations, and speed prediction

- ▶ Coordination of model tests, including the development of the model test hull form, appendage plan, oversight of model tests, and seakeeping calculations
- ▶ Basic design approval, including drawing and document approval for general and safety aspects, outfitting, structure, machinery and piping, electrical and automation systems; stability calculations for class approval; and delivery documents such as the loading manual, sounding table, and cargo securing manual

Project Features

- ▶ Outline design for efficient yard tendering
- ▶ State-of-the-art contract design

Main dimensions

Dwt	8 702
GT	11 530
Capacity	1775 Im
LoA	162,6
Beam	20,6
Draught	6,7

Additional Information

IMO Number	9192129
Special features	8,000 DWT
Sister vessels	Finnreel , Finnhawk , Finnkraft
